

To Whom It May Concern,

I am pleased to provide this professional reference for Indirakumar Rajendiran in support of his application for Fellowship of BCS, The Chartered Institute for IT.

I have known and worked with Indirakumar Rajendiran in a professional capacity at Cognizant Technology Solutions With almost 29 years of experience in the IT industry, I have had the opportunity to work with many professionals, and I consider Indirakumar Rajendiran to be a highly capable and mature technical professional.

In my interactions with him, Indirakumar Rajendiran has consistently demonstrated strong technical knowledge, sound engineering judgment, and the ability to understand complex enterprise systems. His work reflects a strong grasp of software engineering, secure system design, API architecture, production support, and enterprise delivery practices.

He has shown particular strength in approaching problems with structure and clarity. He is able to analyze technical issues, identify practical solutions, and communicate effectively with both technical and non-technical stakeholders. His contributions have helped improve delivery quality, reduce ambiguity, and support better engineering outcomes within the team.

I have also observed his willingness to support and guide colleagues. He shares knowledge, explains complex technical concepts clearly, participates constructively in design discussions, and helps team members improve their understanding of system behavior and implementation quality. This reflects not only technical competence but also professional responsibility and commitment to team development.

In addition to his project contributions, Indirakumar Rajendiran has built a strong professional profile through technical publications, research presentations, peer-review activities, judging assignments, and professional membership. These activities show that his contribution extends beyond day-to-day delivery and into the wider technology community.

Based on my experience working with him, I believe Indirakumar Rajendiran demonstrates the technical capability, professional maturity, leadership mindset, and contribution to the IT profession expected of a BCS Fellow. I am pleased to support his application.

Sincerely,
