

ABHISHEK SINHA

Business Solution Architect | Leading Technology and Process Integration for Transformative Business Success

+1-(508)-807-6623 @ abhisheksinha340@gmail.com linkedin.com/in/abhishek-sinha-nov Massachusetts

SUMMARY

With over 18 years of experience, including 14 years in Technology Consulting, I am a seasoned Business Solution Architect specializing in leading Strategic Technology and Process Integration for Transformative Business Success. I have led transformative assignments that reduced return processing time by 70%, saved \$10 million annually, and facilitated \$12 billion in transactions through strategic technology and process integration. My critical thinking and tailored solutions consistently exceed client expectations, driving both operational efficiency and competitive advantage. As a recognized thought leader, I judge international technology innovation competitions, having reviewed over 250 submissions, and volunteer as a business coach for underrepresented entrepreneurs, one of whom secured a \$20,000 top funding award, reflecting my commitment to innovation and inclusivity.

SKILLS

Global Implementation and Multi-country Resource Management with Strong Stakeholder Collaboration

Enterprise Resource Planning Tool, SAP: Pricing (Vistex, Condition Contract Management), Rebates, Discounts, Chargebacks, Returns Management, System Integration

CONSULTING CAREER PROGRESSION

Progressed from Senior Software Engineer to Business Architecture Manager

Accenture

05/2010 - Present Pune, India; Greater New York City Area, Massachusetts, United States

GLOBAL CONSULTING EXPERIENCE

Consulting Experience in United States

12/2016 - Present

Help Life Sciences clients integrate technology, optimize operations, and enhance healthcare access for sustainable success

- Ensured strong regulatory compliance and avoided financial penalties through timely and accurate reporting, synchronizing 85,000 invoices worth \$15 billion
- Reduced return processing time by 70%, improved refund accuracy by 8%, and increased customer satisfaction to over 95%, saving \$10 million annually
- Generated monthly revenue savings of \$250,000 and reduced non-compliant returns by 66%, resulting in \$6 million in annual savings and \$1 million in cash flow improvement
- Enabled \$12 billion in transactions by managing complex system integrations and coordinating with multiple technology partners, establishing best practices for future projects
- Automated a tax correction process, achieving 99% accuracy and completing 3,100 hours of manual work in less than five hours
- Deployed a new process that doubled operations within a week, handling 190,000 claims annually and reducing manual tasks by 95%, improving compliance by 85%
- Automated a critical workflow to process \$22 million in transactions annually, ensuring compliance and scalability without redesigning the global system
- Implemented a retroactive discount claim process that improved cash flow, financial planning, and reduced administrative burden by 80%, adaptable across global operations
- Streamlined Order to Cash processes, including pricing (rebates, discounts, chargebacks) and returns, reducing processing time and boosting cash flow for \$980M+ revenue segments

Consulting Experience outside United States

11/2010 - 03/2016

Unified technology and processes to reduce risks, accelerate issue resolution, and enhance project delivery and client relationships

- As a country lead, streamlined problem management, achieving 30% faster resolution and 99% service level agreement compliance
- Reduced project risks by 40% through design reviews and risk management, ensuring successful Enterprise Resource Planning tool, SAP implementation
- Drove continuous improvements, cutting downtime by 35% and increasing operational efficiency by 15%
