JUDGE AGREEMENT REMINDERS

Per the Judges Agreement you agreed to in the judge application process: **All material found in the Product application is strictly for your eyes only.** Products that have entered the program are confidential, printed, or shared with anyone and must be held confidential. You may never reveal information that was contained in the applications, which is the property of CTA.

If a product you have been assigned presents a conflict of interest, please click the **"Recuse Myself"** link at the top of the evaluation form. An administrator will re-assign the review to a different judge.

Thank you again for your participation and we look forward to working with you!

Best,
