20 September 2026

Dear Indirakumar Rajendiran,

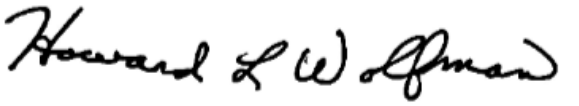

I would like to thank you for the assistance you provided to the A&A Committee panel in reviewing a large number of Senior Member applications. Your contribution of time and effort is greatly appreciated. Through your participation, you have helped to accomplish the mission and goals of the Admission and Advancement Committee and have been instrumental in making possible the elevation of deserving IEEE Members to Senior Member status.

The Senior Member Program is one of our most vital membership development initiatives and one that brings prestige to the successful candidates, their employers, and to the IEEE as well. Now that you are more aware of the requirements for Senior Member elevation, I would like to encourage you to nominate worthy colleagues so that they, too, can reap the benefits of Senior Membership. For more information, please visit

http://www.ieee.org/seniormember.

Thank you again for your contribution and your commitment to supporting our professional society. I look forward to working with you again in the future as we continue to serve the needs of the IEEE and its members.

Sincerely,

Howard Wolfman, Chair
IEEE Admission and Advancement Committee
